Dear Dr. Cleckley:

Attached you will find a listing of black students enrolled at UTK during the fall quarter 1977, and who indicated majors as being in the natural sciences or pre-veterinary medicine. Although one or two physical science majors are included on the list, for the most part, only natural science majors are shown.

This listing is not exhaustive, inasmuch as there are probably students studying the subject areas, but whose names are not listed.

As far as I know, the addresses listed are current. Please let me know if I can be of help to you in any other way.

Sincerely,

Nebraska Mays
Associate Vice President for Academic Affairs
